Vehicle fuel types

This car club service has been a life saver for me and enabled me to carry out my job as a key worker in the NHS."

Kieran, NHS Worker

Together **79%** low carbon vehicles in UK

We've never just gone for one fix, it has to be a whole gamut of things, with using a grey fleet vehicle as a last resort. Employees are encouraged to look to public transport before using a low carbon car club vehicle"

Graham Telfer, Fleet manager & advisory member of Department for Transport's Low Carbon Vehicle Procurement Programme, Gateshead Council

On average every car club vehicle takes up to

32

private cars off the road in the UK

132 ha

freed up across the UK due to car reduction

Increases sustainable travel use compared to the UK average

35 %

cycle at least once a week compared to 14% UK average
